Chairman

### Message

I am happy that Nabcons, a wholly owned subsidiary of NABARD, completes seven successful years of its operations on 17 November 2010. During the course of its journey from a Consultancy Cell in NABARD to a fully operational consultancy company, Nabcons has come a long way in establishing itself as a leading organization in consultancy and advisory services for agriculture and rural development. It is heartening to see that it enjoys the confidence and faith of its clients, many of who have availed its services on more than one occasion. Nabcons has already created a niche for itself among various ministries/departments of Government of India and State Governments. It should now focus on new clients among the corporate sector and develop its expertise in new areas like commercialization of agriculture, dry/cold storage infrastructure & supply chain management, food processing, environment related issues, etc. I would like it to leverage its presence in Kenya more and exploit the potential available in the African continent.

My best wishes to Nabcons on the occasion of its 8<sup>th</sup> Foundation Day. I look forward to seeing it achieve greater heights in the years to come.

(Umesh Chandra Sarangi)

Chairman

NABARD

16 November 2010
